

Photos

PHOTO	 A photograph of a storefront for 'Positiv-ENERGY'. The sign above the entrance is blue with the company name in red and yellow. To the right, a large window displays an advertisement for solar energy solutions, listing 'Ballon thermodynamique', 'Poêle à granulés', 'Pergola solaire', and 'Chauffe-eau solaire'. The storefront is set against a brick wall, and the ground in front is paved with cobblestones. Two black bollards are visible in the foreground.
